From the Director…

WOW what a busy start we have had to the year!! The children have settled into our preschool routines and are interacting well with their peers. We have been playing games at group time to help the children learn each others names. We have been adding pages to your child’s snapshot folder; please take time to browse through it when you have a few minutes to spare. Our Curriculum Book (located on the bench as you enter) also has lots of photos of the children’s daily learning. Remember to have a look on a regular basis and share the learning with your child.

I would like to develop an individual learning plan for every child before the end of this term and am seeking assistance from each of you so that we can set goals for your child’s learning whilst they are at preschool. I have attached a questionnaire to this letter which I ask that you complete and return to the preschool as soon as possible. If you need help to complete it please come and see me. Together we will strive to help your child to develop achievable learning goals at preschool.

The preschool has a mobile phone to help us improve communications with parents. If you would like to receive incidental photos of your child having a great day or messages regarding how they have settled in, please text your full name to 0438315442 and we will save your contact details to the phone. Thankyou to those who have already done so.

Please take a look at our Preschool Facebook page and like us if you have not already done so. Social media is another way that we can keep our families up to date with happenings at our preschool. At times we will post photos of activities we have been doing or links to recommended sites for parents.

Kind regards

Acting Director
